HOW *to* WORK WITH THE *Archangel Power* *Tarot Cards*

This deck was created to empower you! After all, you can always get wonderful answers and guidance from the angels. But if you don't feel strong, prepared, courageous, motivated, or qualified, you may not put their messages into action. With the *Archangel Power Tarot Cards*, you'll get answers *plus* the courage to move forward fearlessly.

Tarot is an ancient and very reliable divination tool that has provided millions of people with comfort and detailed insight for hundreds of years. Its longevity is a testament to its effectiveness and its ability to cut across cultural lines and languages to provide messages that resonate and are extremely accurate.

Tarot cards have a magical ability to peer through both daily occurrences and

significant challenges and deliver a clear path of guidance. However, many people dislike the traditional imagery or phrases in tarot that could be interpreted as meaning that their fate has been “sealed.” These disturbing words and images hide the fact that tarot is a very loving and caring form of divination that relays messages meant to empower and strengthen those who use such cards.

The tarot reflects a benevolent Universe that only wants to lead us on a path toward joy and fulfillment. So the *Archangel Power Tarot Cards* were created to preserve the ancient tarot methods, but with a message of hope and inspiration for those looking to make powerful changes in their lives. That isn't to say that this deck lacks the full spectrum of human experience or the wide range of intuitive insight that traditional tarot cards have; the basic concepts and historical integrity have been left fully intact for those seeking enlightenment and comfort from the cards.

There is a great deal of time-honored symbolism in the *Archangel Power Tarot Cards*, and also some exciting and uplifting new

interpretations. These cards will feel familiar to experienced tarotists while also being easy for beginners to understand and interpret. I believe that you'll find this beautiful and life-affirming deck to be filled with the answers you seek, and that at the same time it will give you the courage to change your life in powerful and inspiring ways.

About Your Archangel Power Tarot Cards

Tarot originally consisted of two sets of cards called *Arcana*, which is the plural of *Arcanum*, meaning a deep or profound secret or mystery. These two Arcana were later combined into the now-traditional 78 cards.

The first set is today called the **Major Arcana**, comprising 22 cards that describe major events and turning points in our lives (like marriage, pregnancy, relationship and career changes, and overcoming personal challenges). The Major Arcana cards can also represent the different phases from childhood to old age.

The second set of cards is called the **Minor Arcana**, which consists of four suits representing different aspects of human life. The Minor Arcana cards are numbered 1 (Ace) through 10, plus the court cards—a Page (card number 11), a Knight (card 12), a Queen (card 13), and a King (card 14)—for each suit. While the Major Arcana represents major life transitions, the Minor Arcana reflects the day-to-day aspects of our lives.

As you work with the *Archangel Power Tarot Cards*, you'll notice that each Major Arcana card features one of the 15 major archangels! (A few archangels appear on more than one Major Arcana card, as they embody aspects of several cards.) These heavenly beings provide strong protection and clear guidance as you travel along your spiritual path. These cards can also be mixed in with your other angel oracle decks to provide additional details in your readings.

The Minor Arcana consists of four suits or elements. In traditional tarot, they are usually named *wands*, *cups*, *swords*, and *coins*. However, each of these suits has been reinterpreted to correspond with a

very powerful and loving archangel. In this card deck, our daily lives are protected and inspired by Archangels Gabriel, Raphael, Michael, and Ariel. You'll read more about these suits and how they relate to each archangel later in this guidebook.

Court cards (the Page, Knight, Queen, or King) can represent either a situation or a person during a reading. In order to make it easy for the reader, personality attributes have been placed at the top of each card, while situational descriptions are at the bottom. To know which is relevant in the reading, review the surrounding cards and let your intuition guide you. It's also important to note that the genders depicted on the court cards aren't something you need be tied to.

On a historical note, the Major Arcana was originally created with Justice as the 8th card and Strength as the 11th card. However, in the early 20th century, Arthur Edward Waite flipped the cards' positions when he created his famous Rider-Waite deck. His reasons for doing so were obscure and disruptive to the flow of the Major Arcana's

spiritual-path story. So the cards have been restored to their original positions in the *Archangel Power Tarot Cards*.

Since each individual tarot card has multiple possible meanings, I recommend you read each description in this guidebook and let your intuition lead you to the appropriate interpretation for the reading. Trust your angels and feelings to guide you. The cards in this deck are rich with symbolism and imagery, and the illustrations also provide answers and messages. Notice which aspects of each card's painting capture your attention, as that can be part of your answer. This guidebook, coupled with your intuition, will help you understand the answers to all of your questions.

How to Use Your Archangel Power Tarot Cards

Here are the steps to give an oracle-card reading to yourself or others:

Step 1: Clear Your Card Deck

Since your cards are sensitive instruments, they need to be cleared of any energy they may have absorbed from the manufacturing process. Steps 1 and 2 only need repeating after another person touches your deck or if your readings lack clarity because the cards have become clogged with too much energy.

To clear your cards, first hold the deck in your nondominant hand (the hand you normally don't write with), as this is the hand that *receives* energy. Form a fist with your other hand (this is the one that *sends* energy), and knock on the cards once. This clears out the old energy so that the cards are now a blank slate and ready to be imbued with your own vibration. Or, a gentler way to clear the cards is to wave your hand over them while saying, "*God and angels, please clear away any lower energies from these cards*"—and it is done.

Step 2: Consecrate the Cards

Briefly touch all of the cards to infuse them with your personal energy. You can

simply touch one of the corners of each to accomplish this. Then fan the cards out with the artwork facing you. Hold the fanned cards to your heart and think about any prayers or intentions you'd like to bestow upon your cards. For instance, you can say the following silently or aloud:

"I ask that all of my readings with these cards be accurate and specific, and bring blessings to everyone involved. Please help me stay centered in my higher self so that I may clearly hear, see, feel, and know the Divine messages that wish to come through these readings."

Ask and pray for whatever help you'd like during your readings, such as confidence, clarity, compassion, and so forth. Your cards now carry your personal vibration and intentions.

Step 3: Ask a Question

Think of a question you'd like an answer to. If you're giving a reading to someone, ask him or her to either think of or verbalize

a question. Your angels and guides can hear your thoughts, so you needn't voice your queries aloud.

Step 4: Shuffle the Cards

Think of the question as you shuffle the cards, and ask the angels to help you with answers and guidance. If one or more cards "jump" out of the deck while you're shuffling, place them to the side. They'll be part of your reading.

As you're shuffling, you'll likely notice feelings, thoughts, words, or visions. This Divine guidance will help you further understand the cards you draw, so pay attention to these impressions as they come to you.

When your cards begin to clump into two distinct sections, it's time to stop shuffling. You may also receive a feeling, thought, or vision to cease—or you may even hear the words *Stop shuffling now*. Trust and honor these Divine messages that are helping you with the reading. You can't make a mistake and stop shuffling too soon,

as the Law of Attraction ensures that you'll always choose the correct cards.

Step 5: Choose a Card

Pull the top card from the deck. This is the answer to your question, or guidance about which healing steps to take to help you with the issue you've inquired about. As you read the words on the card, continue to notice any thoughts, additional words, feelings, or visions that come to you, as these are messages from your angels and guides that personalize the card's particular meaning for you. The picture also holds significance, so be sure to study its details. If you set aside a card (or cards) that "jumped" out of the deck while you were shuffling, carefully examine it, too.

Step 6: Consult This Guidebook

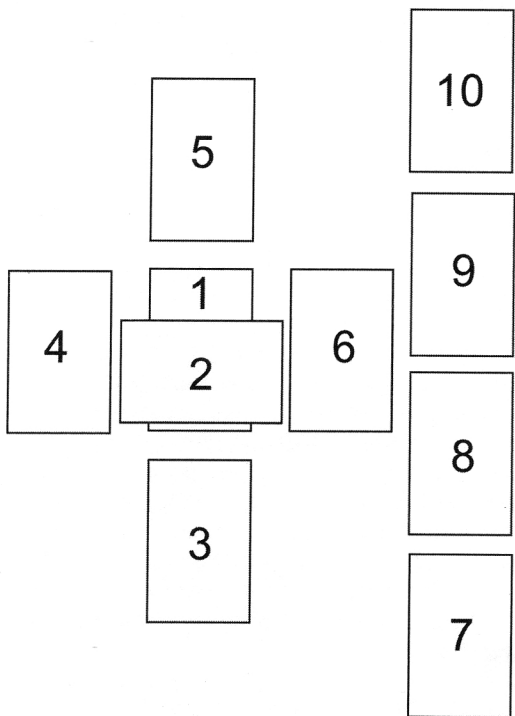

Turn to the corresponding page for the drawn card within this guidebook. The information there will give you specific guidance to help walk you through any life changes or

to take appropriate action. As you read the words, notice any thoughts or feelings that come to you, as once again, they're a personalized part of the answer.

Three-Card Spread

After completing Steps 3 and 4, pick three cards from the top of the deck. With the pictures and words facing up, lay the first card to your left, the second one in the middle, and the third to the right.

The card to your left speaks about the immediate past with respect to the situation you inquired about. The middle card reveals your question's current status and what you need to know or work on right now. And the card to the right shows your immediate future if you continue on your present path and follow the guidance in the middle card. You can always improve your future by holding a positive outlook and following your inner guidance.

The Celtic Cross

The most popular spread for tarot cards is called the Celtic Cross, and it can be used to answer questions about any topic. This spread of ten cards reveals the basis of your situation, the challenge, the past, the present, the near future, and the likely outcome.

After completing Steps 3 and 4 described previously, lay out ten cards faceup in the order shown in the diagram.

- **Card 1** represents the situation.
- **Card 2** represents the current challenge affecting the issue.
- **Card 3** represents the basis of the situation.
- **Card 4** represents the past relevant to the situation.
- **Card 5** represents the present.
- **Card 6** represents the near future.
- **Card 7** represents your power in the situation.

- **Card 8** represents the effects of people around you.
- **Card 9** represents your hopes or fears.
- **Card 10** represents the outcome.

In the next section of this guidebook, you'll find meanings for each card. Remember that you have freewill choices about all areas of your life, and you can also change the outcome of any situation through prayer, visualization, and positive affirmations. God and your angels can help alter your future for the better if you'll just ask for, and be open to, their assistance.

THE MEANINGS of THE CARDS

This guidebook explains the general meanings for every card in the *Archangel Power Tarot Cards* deck. As is traditional for tarot, the Major Arcana cards are listed first numerically, followed by the unnumbered Minor Arcana cards, which are listed Ace through King by suit.

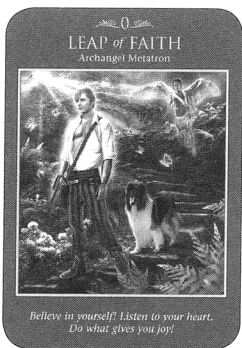

When you're ready to look up a card's meaning, find the corresponding page and read the interpretation and symbolism for the entry. Your inner wisdom will tell you if any of the information applies to you, or it may trigger further insights about your situation. And remember that your intuition will offer you even more personalized messages from your angels and guides, so as you read, simultaneously pay attention to your thoughts and feelings.

THE MINOR ARCANA

From here forward, the cards are unnumbered, since this is traditional in tarot. The Minor Arcana consists of four suits (*Gabriel, Raphael, Michael, and Ariel*). There are 14 cards in each suit, from Ace to King, similar to ordinary playing cards.

While the Major Arcana represents major life transitions, the Minor Arcana reflects the day-to-day aspects of our lives. The Minor Arcana's court cards (Page, Knight, Queen, and King) can represent either a situation or a person during a reading. You'll see the words *People* and *Situations* listed in each court-card description. The first section describes personality traits to identify which individuals in your life the card represents.

Applicable situations or potential guidance is listed in the second section.

It is also important to remember that the genders of the court cards aren't meant to be read as a hard-and-fast rule. In honor of this, half of the pages and knights are female, and half are male. If you draw a card that happens to have a female on it, but the personality attributes sound to you like a male you know, then you should follow your guidance and interpret that card as referring to the male.

There is a better course of action available to you! Ask yourself, *What am I really trying to accomplish?* Think about whether working alone on this project is a good idea. Is your unique point of view providing creative solutions, or is it causing you to miss important details? Go over the details again.

Your angels want you to be a success in this endeavor and are giving you a “heads-up” with this card. There is probably more

going on here than meets the eye. Someone may have ulterior motives.

Additional meanings of this card:
The need for caution. Poor timing. Running away.

EIGHT of MICHAEL

*You can be free! Make a courageous
choice to change your situation.
Not seeing things clearly.*

EIGHT OF MICHAEL

You can be free! You may feel as though you're trapped in your situation, but that is an illusion! You have to look past your fears and open your eyes to the opportunities. The ways to freedom may scare you due to a lack of confidence, but you can ask your angels for courage. Soon you'll find that you're much stronger than you realized.

NINE OF MICHAEL

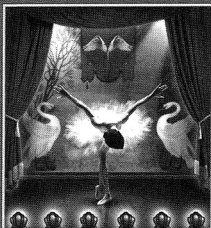

Your worry is unnecessary! The worst-case scenarios you're playing over and over in your mind are unlikely to come true. Free yourself from this form of self-punishment by turning to the power of positive thinking. Release all feelings of regret, guilt, or anxiety to your angels. Consider speaking to a trusted friend who can help you find an objective point of view.

QUEEN OF MICHAEL

Situations: You know exactly what to do! Past experiences have prepared you perfectly for the situation you find yourself in. Wisdom blended with humor makes the task easy to accomplish. Give others credit for good intentions rather than perfect actions. This is the time in life for advancing your career and getting things done rather than engaging in romantic relationships.

The Suit of Ariel

The previous three suits deal with aspects of our lives that are nonphysical such as our passions, emotions, and thoughts. The suit of Ariel, on the other hand, represents the material world. These cards deal with the daily part of living, including physical health, pursuing education and careers, and the planet on which we reside. For this suit, Archangel Ariel was chosen because of her magical powers of manifestation and her love of the world's animals and the environment.

ACE of ARIEL

*It's your lucky day! New resources
of money, time, or support. A change
in job or a promotion.*

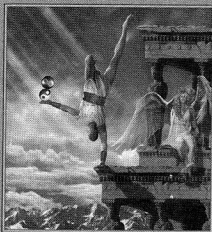

ACE OF ARIEL

It's your lucky day! Money, time, or other new resources flow your way. Your planned new business or career choice will be very successful, and your ability to manifest your dreams is extremely powerful. You may meet someone soon who can open doors for you!

Laying down long-term financial plans is also wise at this time. Land or home purchases are very possible right now.

Additional meanings of this card: A very lucrative idea. A change in job or a promotion. A helping hand. Bright prospects.

TWO of ARIEL

*It's important to have balance!
Working multiple jobs or projects
at once. Making work fun.*

TWO OF ARIEL

It's important to have balance! You may be working multiple jobs, or you have several projects going on at once. Reconsider your to-do list. Is it really necessary to accomplish it all? The key to managing stress is to think of ways to make your situation more fun. Look at life in a playful way!

You may be having challenges balancing your budget. Be cautious of juggling your finances in a way that causes long-term difficulties. Career changes should be looked

at carefully and decisions made slowly and logically.

THREE of ARIEL

THREE OF ARIEL

Do what you love! It's important to follow your passions and do your very best work. There is great talent and skill present. The task at hand can be a joyful experience and may bring recognition or financial rewards. This is a time of great personal growth in your career or artistic endeavors.

Additional meanings of this card: A labor of love. Being paid to be creative. Awareness of your potential. Being a mentor.

FOUR OF ARIEL

When you give, you also receive! First, this card is a reminder that financial gain and resources are to be shared. When prosperity is held on to too tightly, it can make a person closed off and therefore block the connection to future abundance. If someone has been blessed with great resources, this card can be a reminder to donate to charities and worthy causes. On the other extreme, it can indicate that someone has been too careless with money. There is a

need to review how money is spent or to get debt under control.

This card isn't just about money and finances, but can also be about expenditures of energy and emotion. Don't let fear-based thoughts limit your actions. Be willing to share whatever talents and gifts you have with those around you.

Additional meanings of this card:
Control issues. Saving for a rainy day. Holding on to the present. Resisting change.

FIVE OF ARIEL

Help is nearby! You don't have to go through your current challenges alone. Ask your angels to make your options clear to you. There is no need to remain out in the cold emotionally or physically. If you're unwilling to accept help from others, ask yourself why. What is it that you feel is missing from your life? Is it material or something deeper, like spirituality or love?

Negative thoughts can create self-fulfilling prophecies that are totally unnecessary. Refocus

your thoughts on what is possible and this situation will turn around.

Additional meanings of this card:
Feeling unlucky. Money troubles. Health issues. Inadvisable plans or timing for self-employment.

SIX of ARIEL

Material needs get fulfilled in magical and unexpected ways. Acts of kindness. Giving or receiving with a grateful heart.

SIX OF ARIEL

There are great blessings in giving and receiving! Material needs get fulfilled in magical and unexpected ways. If you're the recipient of such a loving gift, then accept it with gratitude and humility. If you have the means to give to those in need, then do so in a compassionate way without asking for anything in return. Keep in mind that gifts do not always have to be financial but can be energetic or take the form of help based on experience.

When giving to others, consider what they truly need. Make gifts that don't promote dependency, but rather that are well thought out and empower the recipients going forward.

Additional meanings of this card:
Pennies from heaven. Promotions or bonuses. Acts of kindness. Scholarships or grants.

SEVEN of ARIEL

and wait for the harvest. Review your progress
and make plans for your next endeavor.*

SEVEN OF ARIEL

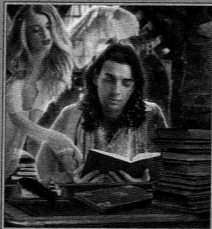

Your seeds are well planted! However, some plans do take time to develop. Now is not the moment to stop, as success is very probable! You may not see it clearly, but slow and steady progress is being made. Have patience. It's almost time!

This is a good opportunity to pause and review how far you've come. Are things moving along as you'd planned? If not, what changes might you make in the future? If you're at the end of a project, don't

linger too long finishing it up. The next success awaits your attention.

Additional meanings of this card: A temporary pause. A welcome break in the action. Pondering future strategies. Determination.

EIGHT of ARIEL

*Take great pride in your excellent work!
Practice makes perfect. Consider getting
additional education or training.*
